CSc 4222/6222
Assignment #1

Deadline: Tuesday, August 29th 11:59 pm
Late deadline: Sunday, September 3rd 11:59 pm

Select a "hacking" movie of your choice to watch. TV shows are okay. No documentaries or video games please.

Then write a report that covers the following information:

1. Summarize the hacking techniques used in the movie
2. Describe whether the approach is realistic or not and explain why or why not.
3. After determining what technique was used in the movie, find a real example of that attack/hack and describe what was done, what was the impact, and how did they recover.

Your report should be between 2-3 pages and will be due by 11:59 pm, August 29th.
